

FROM THE PRINCIPAL

Dear Parents and Community Members,

In the 2015-16 school year, Amity Middle School students made growth gains in their education at AMS. By using local growth assessments, we are able to chart each individual students growth over the course of the year. With this last year being the first year of SBAC, we have no prior benchmark to compare the state testing scores with. While the results are good overall, we will keep striving to improve the education students receive at AMS. In particular have strengthened our math programs by adding a second math class for all 6th graders and implemented a stronger and consistent math program across the Elementary and Middle school. We saw great gains with our 6th grade math students over the scores they posted in 5th grade. We will continue to monitor and adjust this, as we get data to coralte the success of this program.

We have added a year long STEM program to our 7th grade curriculum. We continue to reinforce literacy across all content areas, and have

added to a strong current technology base. We have reached out to our struggling students by implementing an Academic Support room at every lunch for students that are deficient with their weekly grades.

You can help your student by monitoring their homework, attending parent teacher conferences, viewing the AMS website to stay current with events taking place at school, checking grade sheets that are sent home every Wednesday, with all students. You can review your student's grades and missing assignments at any time by visiting the district website and accessing the parent grade book viewer. We look forward to partnering with you over the coming year to make sure all of our students reach their potential!

Thank you,

Principal | David Lund

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.
