Parent Request for Exemption from Summative Assessments (SBAC)

Per Oregon Administrative Rule (OAR) 581-022-1910 and the 2014-15 Oregon Department of Education Test Administration Manual, section 4.7, pg. 44, parents may request that their student be exempted from state testing based on either disability or religion. OAR 581-022-1910 allows school districts to excuse students from a state required program or learning activity, including state testing, to accommodate a student's disabilities or religious beliefs.

In order for a school district to excuse a student from testing under this rule, the student's parent must submit a written request to the school district, listing the reason for the request and proposing an alternative individualized learning activity for the student that meets the same goals that would be accomplished by participation in state testing. Amity School District has appointed the principal of a student's school as the appropriate personnel to evaluate and approve or deny the request.

Please indicate in the space below your reasons for requesting that your student should be exempt from state testing and identify specific test(s) as well as the proposed alternative learning activity that meets the same goals that would be accomplished by participating in state testing. Return the completed document to the main office of your student's school.

Student Name: _____

Grade: _____

Parent Signature: _____

Date: _____
