

**FROM THE DISTRICT SUPERINTENDENT**

Dear Parents and Community Members,

Dear Parents and Community Members,

The state of Oregon has issued the most recent report cards for schools and districts. As a part of this communication process, each administrator is offering some insight into what the report card demonstrates for different aspects of Amity School District. The report card itself is designed to measure progress towards the district's Annual Measurable Objective. Amity has had a strong graduation rate (83% in 2015 and nearly 90% in 2016). We are projecting a progressive increase of that graduation rate by about 10% over the next few years. We are also strong in reading across the district.

While these are positives and we are pleased with our trajectory, Amity has work to do across the district on some of the academic achievement and growth areas, especially in math. We are actively

addressing math through curriculum and scheduling changes in all schools. We anticipate significant improvement over the next couple of years in these areas.

This past school year was the third in which students were administered the Smarter Balanced Assessment (SBAC). This test was quite different from previous state testing and some of our students struggled with it. We also had a significant number of parents opt their students out of taking it which lowered our participation rates, especially at the high school, as well as the level of students meeting or exceeding. Students improved in some areas and we anticipate continued improvement in the spring testing.

Thank you,

Superintendent | Jeff Clark

**DISTRICT PROFILE**

**STUDENT WELLNESS POLICY**

The Amity Wellness Program reflects the School Board's commitment to providing adequate time for instruction to promote healthy eating through nutrition education, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate. The goal is to ensure that students have the means necessary to make healthy choices for a lifetime. The Board believes that a quality physical education program is an essential component for all students to learn about and participate in physical activity and will ensure that all students have regular PE instruction.

**RACIAL EQUITY IN HIRING**

Amity School District advertises for open positions across all demographics. When screening and interviewing we take into consideration what cultural components an applicant possesses that may help them work with our students more effectively.

ENROLLMENT AND DEMOGRAPHICS	Grades	Grades	Grades	Grades
	K - 3	4 - 5	6 - 8	9 - 12
Total Enrollment	224	132	194	303
